

Student Acceptable Use of Information and Communications Technology

To have access to school devices, applications and networks, I agree to follow the practices for the safety and privacy of myself and others

What I will do:

- x Treat the school's digital devices, applications and networks with care. I will use them responsibly for educational purposes and as instructed by my teachers
- x Use my username and password to access school devices, applications and networks
- x Seek guidance from a teacher if I am unsure whether online behaviour is appropriate
- x Tell a teacher immediately if I find material or malware on school devices, applications or networks that I think is inappropriate, or might breach the Acceptable Use Agreement or a student's privacy
- x Publish work and send emails using language I know is acceptable in my school
- x Respect the privacy of all computer users at school by correctly using passwords, and opening only my own work and emails
- x Be aware that it may not be possible to delete items stored on social media sites

What I will not do:

Security

- x Attempt to bypass security or access banned sites or material while using school devices, applications or networks
- x Download or install any software or store files on my school's computer facilities without the permission of a teacher

Privacy and Respect

- x Photograph, record, or post video or sound of teachers or other students without the permission of a teacher and of each person photographed or recorded
- x Post or forward information, images or videos that:
 - o Claim to represent the school without permission from the principal (e.g. images of me in school uniform)
 - o Contain inappropriate or hurtful material about members of the school community
 - o Might bring the school into disrepute
 - o Could be used to identify me, my family, or members of the school community without permission (e.g. names, passwords, phone numbers or addresses)
- x Join sites or post material that are hateful, racist, obscene, hurtful or contain inappropriate material.
- x Pretend to be another person when communicating on the Internet.

Integrity

- x Break copyright law by copying and/or using another person's work
- x Present AI-generated work as my own without notifying teachers
